CONSISTENCY IS KEY FOR THE WHC RANCH HORSE SALE 30TH ANNIVERSARY

Written by Lizzie Iwersen

The Western Heritage Classic Ranch Horse Sale celebrates its 30th anniversary in 2024 and has proudly maintained its defining characteristics during its lifespan. Staying the course has proven to be the sale's most respected trait and credit is given to the group of men calling the shots. Ranchers and horsemen Phil Guitar, Bill Smith, Tom Moorhouse, Billy Green and John Anderson are all equally dedicated to preserving the integrity of the WHC Sale Horse.

"We're all friends and we all agree on nearly everything. We seldom disagree with one another," said Moorhouse.

First, the men agree that choosing the right consignors is the most important component to sale success.

"We want whoever is consigning horses to be in the ranching business," Guitar says. "They have to have a legitimate ranching operation. It's a ranch horse sale, and we intend to keep it that way."

The hand-selected consignors are held to a high standard of honesty and are expected to bring horses they stand behind.

“When the consignors stand behind their horses, the integrity of the sale increases”, Guitar says.

Ultimately, the consignor-buyer relationship works in the consignors’ favor. Buyers feel a sense of security when they come to buy a horse from the sale, because of the reputation the sale has garnered.

“It’s a great place for these guys to bring horses because at a horse sale like this, they are going to get top price for their horse because the buyers are willing to pay for peace of mind,” Anderson says.

The men understand, too, that good consignors and horses will only get a sale so far; progressive sale personnel is also imperative.

“Another thing you’ve got to give credit to is great secretaries,” according to Moorhouse. “JoAnna Robertson and now Holly Cogdell, they help a lot. Without a doubt, they are a part of the sale’s continued success. People enjoy working with them and they have helped keep us current.”

The board, consignors and buyers all have admiration and appreciation for a good auctioneer, and when the sale began, that respect was given to Ben Emison. These days it’s “The Colonel” Steve Friskup who is wielding the mic and gavel.

“Steve brought a whole new dimension to the sale,” Anderson says. “There are a lot of people who like to hear him talk. He says some pretty interesting things and he can sure sell a horse. You look at the top sales in the nation, he’s there. He’s a real plus for our sale.”

The city of Abilene also deserves a tip of the American hat. All the guys agree Abilene has consistently stepped up with the improvement of facilities and credit Guitar for spearheading many of those efforts.

The combined efforts of all involved are keeping the Western Heritage Classic Ranch Horse Sale consistent and each year it pays off with sale averages steadily improving.

“It’s gotten better every year,” Anderson says. “We’ve got a good thing going.”

If you see Phil, Bill, Tom, Billy or John this 30-year anniversary is a great time to flag ‘em down, shake their hand and say thanks for keeping this good thing going.

The Stealth bomber evades radar—and hidden iron in a mineral attacks cattle.

Western forages can test up to 20 times excess iron. Further iron chemically piggybacks into mineral supplements via common calcium-phosphorus sources. Iron ties up copper and other minerals important to production. We call this intruder 'Stealth Iron'.

See how we have "eyes on" stealth iron.

INGREDIENT	CALCIUM	PHOSPHORUS	IRON
	%	%	ppm
Dicalcium phosphate	20	18.5	10,000-12,000
Monocalcium phosphate	16	21	12,000-14,000

Texas Range Minerals controls iron levels by using only Mono-Sodium Phosphate (26% P, 0% Ca, <50 ppm iron) as phosphorus source. MSP: 100% available in the rumen, and calcium-free, western forages being calcium rich.

7L

Lot: 7, 59

The 7L Ranch, founded in 1904 by E.W. Boyt has been and still is a very traditionally run horseback operation! It is owned and operated, north of Amarillo, TX, by Paxton Ramsey and his daughter, Haidyn. It is both a cow / calf and yearling operation. At one time the ranch had nearly 200 brood mares but now down to roughly 45. We have pulled horses from ranchers such as Bill Smith, the Cogdell family, Tongue River, The Matador Ranch and Wayne Prewitt to improve our program. The current genetics focused on the most are Metallic Cat, Ten O Sea, Peptoboonsmal, Haidas Little Pep, and a few foundation King Ranch horses, just to name a few! Our goal is to raise a sizable horse of substance, stamina and a sound mind that still has the athletic ability of a smaller performance horse. We want to be able to market our horses to everyone from the working cowboy to the ropers to the cow horse family! We have been very blessed to make these horses such a large part of our livelihood and continue to always improve and pass forward this part of our heritage!

ANGELL RANCH CO.

Lots: 53, 67

Angell Ranch owns several large cattle ranches across New Mexico & one in Tx. Our horse division is based in Guthrie, Tx where we run a remuda of 15 mares & have a resident stallion Bakers Boon a son of Once In A Blu Boon. We have worked hard at putting together a select group of cow & running bred mares which include daughters of Playgun, Playin Stylish, Big Cat Galarraga, Ten O Sea, Doctor Echo and Brimmerton. Along with breeding to our stud we also feel it necessary to breed to outside stallions to continue improving the quality of our horses. Some of these include Natural Bottom, CD Son of Magnolia & Jesses Topaz. Our main goal is to raise stout, good minded, cow horses that the cowboys working on our ranches & others can use for everyday ranch work to showing in the arena.

Our family has ranched in Wichita County for over 140 years. We have always used horses to get our work done. I'm an old school guy, so we still do our work horseback. We don't have a trainer, and I can't train a lion to eat meat, so we just trot 'em. I am not cowboy enough to get anything done on a fresh horse. The best ones I ever rode, were trotting in at lunch to change horses, or trotting back to the trailer at dusky dark. Horses carrying our brand have competed at the highest level. Ranch rodeos where some were picked as "top horse". They have been to team ropings, calf ropings & barrels races. They have had money won on them at the B.F.I., multiple horses ridden at the National Finals Steer Roping, and the Timed Event Championship. Our philosophy on selling horses is simple. Cheap, good & fast; pick any two. If you want it cheap & fast, it won't be any good. If you want it cheap and good, it won't be fast. If you want it good and fast, it sure ain't going to be cheap.
